VacuFlush® 500 Plus Series

With the style and size of household toilets, the 500 Plus series provides the comfort of home.

When people want a VacuFlush toilet with a large seat and deep bowl like the one in their home, a 500 Plus model is the first one many consider. It features a sparkling vitreous china bowl and convenient flush pedal operation. Other advantages of 500 Plus toilets include:

Water efficient – uses as little as one pint (.5 liter) of fresh water per flush.

Anti-splash rim keeps water in bowl while underway.

Quiet flushing with a standard HushFlush™ seat.

Wood seat construction offers lasting strength.

Available in five colors to complement any décor.

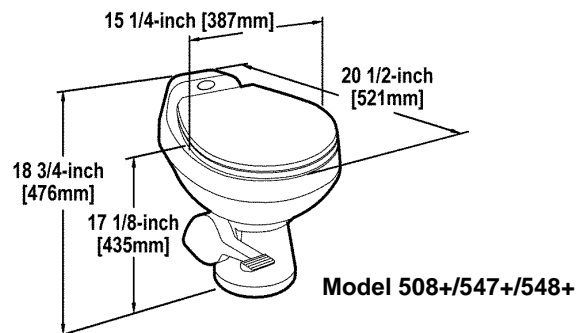

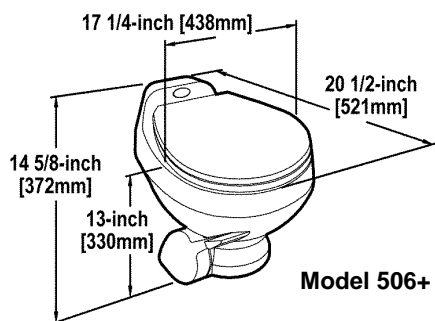

Diverse height and discharge options accommodate all floor plans.
