

# 5000 Series

# VacuFlush® Marine Toilet

**Compact Design, Premium VacuFlush Performance.**

**VacuFlush 5000 Series** marine toilets deliver all the benefits of a VacuFlush sanitation system to a wide range of boat installations:

**Deep Bowl and Adult-size Wood Seat** – Offers residential comfort in any marine bath while being compact in overall size.

**Three Heights Available** – Range of toilet heights accommodates standard or limited installation spaces.

**Low Water Consumption** – Flushes on as little as .47 liters of water per flush, greatly extending holding tank use.

**No Odors** – Freshwater flushing eliminates seawater odors. Powerful vacuum flushing action clears contents from bowl immediately.

**Sparkling, High-Fired Ceramic Bowl** – Easy-to-clean vitreous china bowl provides many years of beauty.

**Integral Water Line Check Valve** – Provides anti-siphon protection in freshwater systems.
